DETAILED ACTION

Papers Received

Receipt is acknowledged of the applicant's amendment and response, all received on 31 October 2003.

Claim Rejections - 35 USC § 112

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

The rejection of Claims 2, 9, and 12 under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement is hereby withdrawn.

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

The rejection of Claims 1-10, 12, and 13 are rejected under 35 U.S.C. 103(a) as being unpatentable over Moniz in view of Nair *et al.*, and Wadsworth *et al.* is maintained.

Response to Arguments

The applicant's arguments, received on 31 October 2003, have been considered, but are not found to be persuasive.

Art Unit: 1615

The arguments set forth by the applicant do not properly address the assertion previously set forth by the examiner that the instantly claimed invention is one borne from routine experimentation in view of the disclosure of the prior art. As reflected by the current claim structure, proper dosing of the processed *Morinda citrifolia* would indeed depend on various factors, including age, weight, general health, diet, and sex of a patient. Such parameters are routinely considered by one of ordinary skill in the art when determining the proper dosage of a pharmaceutical preparation. As they are considered by the examiner to be well known in the art, such methods of determining dosage do not impart patentability. The applicants have not, in the view of the examiner, shown the novelty of the instantly claimed invention when the prior art has shown the same composition to be useful for the same general purpose, the precise dosing of which can be determined by routine experimentation for the purpose of maximizing effectiveness.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

Art Unit: 1615

however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
